

BIOHIT

Innovating for Health

WHERE does your **eLINE**[®] STAND?

Why leading scientists agree
eLINE stands above the rest:

Avoid strain injury

The electronic operation including unique electronic tip ejection takes the effort out of pipetting and significantly reduces the risk of Repetitive Strain Injury (RSI).

Use one pipette instead of two

One Biohit eLINE electronic pipette covers the volume ranges of two mechanical pipettes.

Twice as fast

eLINE electronic pipette is twice as fast as a mechanical pipette.
