Pure Water. Pure Research. Total Confidence.

Thermo Scientific Pure Water Systems.

Barnstead RO

Easy to operate,
simple to maintain

- All-in-one system includes all required components for true plug-in-play set-up.
- Unique Membrane Protection System eliminates the need for water softening.
- Small footprint is perfect for any size lab and features easy wall or bench mounting.

Barnstead TII

Beyond Type II purity
with flexible storage options

- Combines pretreatment, reverse osmosis, deionization, UV oxidation, and filtration in a single system.
- Smart controls monitor system and alert you to vital system information.
- Unique flow pattern recirculates water within tank to eliminate purity degradation that can occur during storage.
